

# *A Blessed Christmas*

*We join our voices with the choirs  
announcing the birth of the Prince of Peace,  
giving Light to the World.*

*We pray that you may become aware of how  
precious Christ's love is in your life.*

*"Christmas is not primarily an occasion to become sentimental about the birth of a baby, but to see this birth as the archetype of a much deeper kind of birth: the birth of consciousness, the penetration of the darkness by the Light, the birth of the divine in the human." -Don Riso*

*Sister Paula Hagen, Prioress and the Sisters of Saint Benedict*
